

# Asus EeeBook X205TA TrackPad Replacement

This guide will help you replace your Asus EeeBook X205TA Trackpad.

Written By: Lorena Santiago

## INTRODUCTION

This guide will help you replace your Asus EeeBook X205TA trackpad in case it is damaged, not working, or worn out. If disposing trackpad, please follow the laws and regulations for proper disposal.

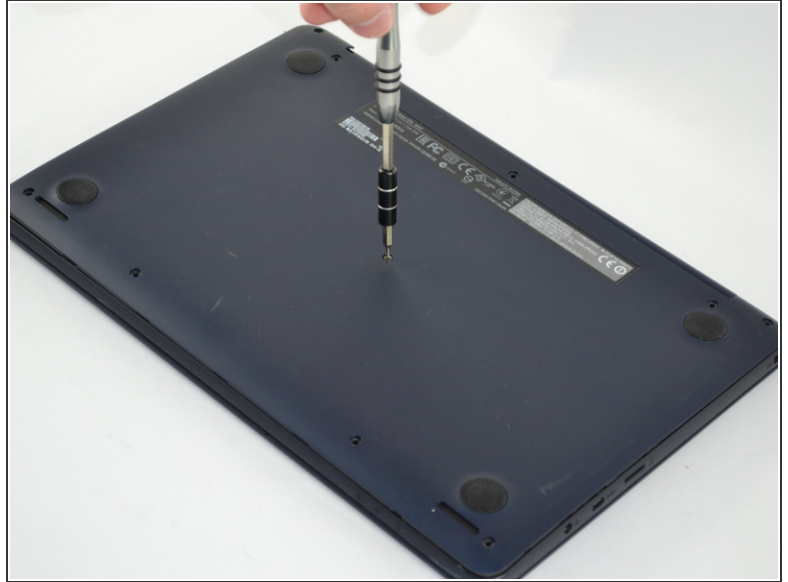

---

### TOOLS:

- [iFixit Opening Tools](#) (1)
  - [Phillips #00 Screwdriver](#) (1)
  - [Phillips #2 Screwdriver](#) (1)
-

## Step 1 — TrackPad

- Unscrew all 10 screws located on the bottom of the laptop using 2mm Phillips Screwdriver.
- ⓘ Keep in mind that some of the screws vary in length, so keep track of which screws were placed in each hole.

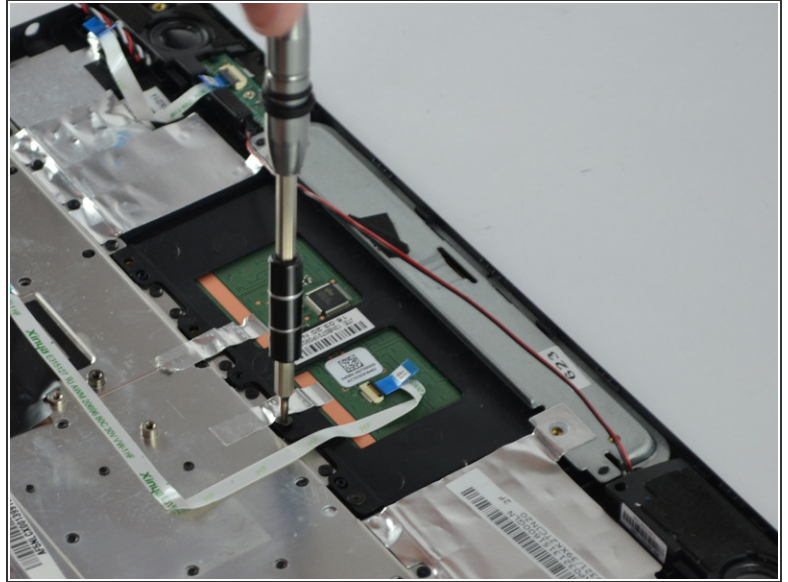

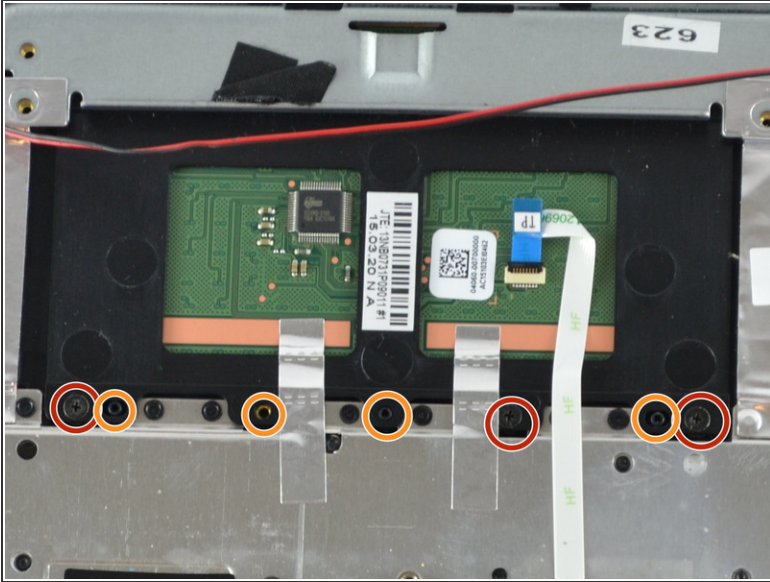

## Step 2

- Insert the plastic opening tool in the crevice between the back of the laptop and the rest of the case.
- Carefully pry open the case from several points.
- ⓘ Slowly remove the back of the laptop, revealing the parts inside.

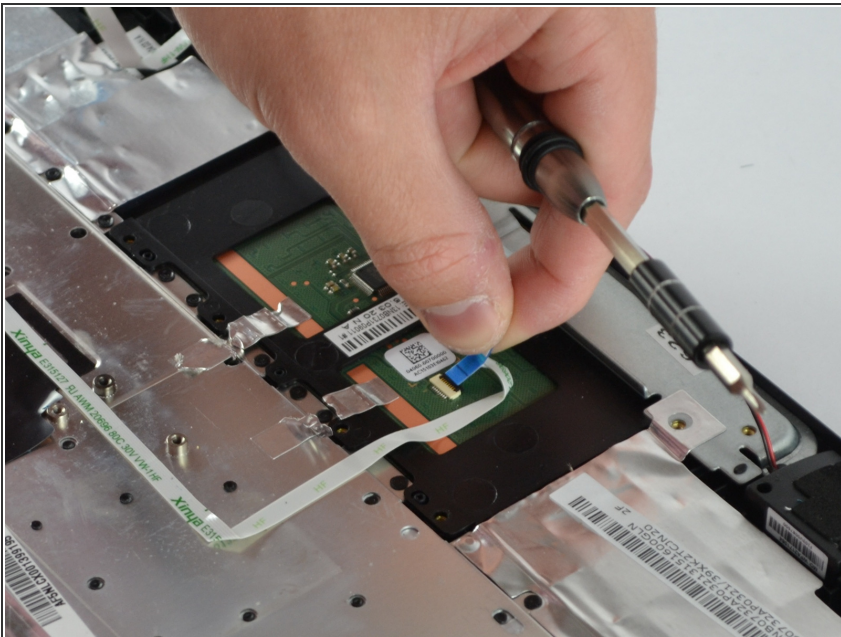

### Step 3

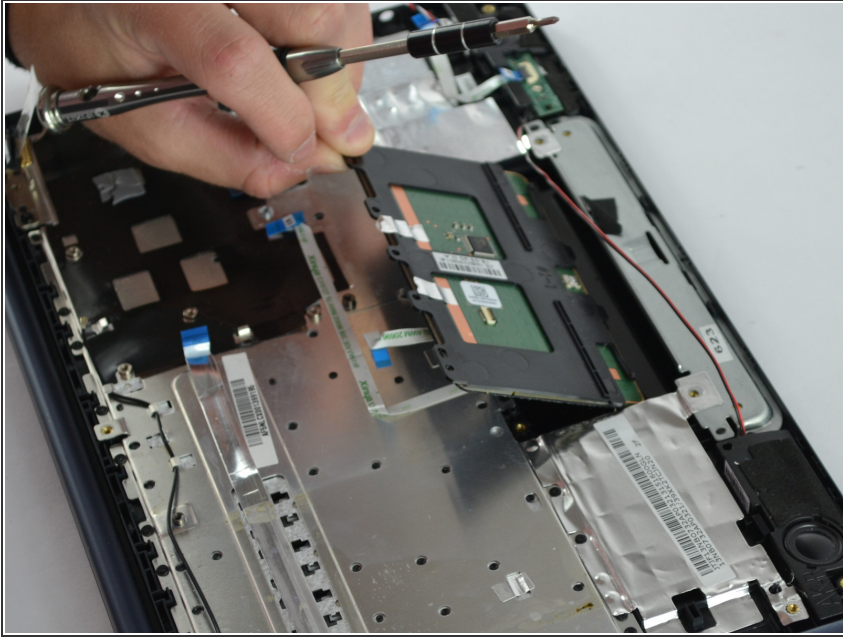

- Using the 2mm Phillips Screwdriver, carefully unscrew the four screws holding the track pad.
- Using the Phillips #00 Screwdriver, unscrew the three screws holding the track pad.

### Step 4

- Unplug the ZIF connector

## Step 5

- Carefully pull the track pad from the side

To reassemble your device, follow these instructions in reverse order.
